::

To accommodate both this call and the plume stability call, we are suggesting we reschedule the time to 9 am. This works for Ginny and McGinnis staff. Please let us know if this time change does not work for you. Otherwise we'll talk to you then.

Thanks,
Sarah Peters

Dave Setter just scheduled a call to discuss plume stability with EPA contractors at the same time as this call. That call is scheduled until 11:30. Might be easier to rearrange this call than to move that one because of the players. Could we move this call to noon or 2pm?

Sarah
